**Description**

Nu-Cycle A™ is a concentrated, high-efficiency formula that leaves clothes and fabrics feeling soft and fresh. The concentrated formula means you get great results while using less product, plus it is gentle on the environment.

**Use**

Nu-Cycle A™ can be used in all types of washing machines. It works in hot or cold water.

**Directions**

Measure the Nu-Cycle A™ dose into the rinse cycle compartment. Dosage may vary depending on water hardness. 

**Caution:** Keep out of reach of children. Do not use on fluffier fabrics that contain cotton, such as fleece and terry cloth. The use of liquid fabric softeners may increase the flammability of this type of fabrics. Do not use this product on children’s sleepwear or other textile flame-resistant garments as it may reduce the efficiency of this property.

**Cleaning tips**

- Use an appropriate quantity of fabric softener. ■ Avoid direct contact between fabric softener and clothing since it risks staining them. ■ Wash colors separately.
Regulatory compliance

Risk phrases: Caution: This product may cause eye irritation if it comes into direct contact with eyes. Can cause minor intestinal discomfort and nausea if ingested. Precautionary measures: Do not ingest. Avoid contact with eyes and prolonged contact with skin. Wearing safety glasses is recommended if splashing conditions occur. First aid: Eyes: Remove contact lenses. Immediately flush eyes with water for 15 minutes. Skin: Just flush with water. Ingestion: Give several glasses of water if victim is conscious. Recommendations: Seek medical attention if symptoms develop or persist. Give the Material and Safety Data Sheet (MSDS) to medical staff.

Tips for being greener

Adopt practices which aim at limiting the rejections in the environment.
- Train the staff on the environmental impact of their work.
- Use only the necessary quantity of fabric softener.
- Save energy and money by using cold water cycles for washing.
- Do not over dry clothes and fabrics (energy saving and fabric protection).

Nu-Cycle A™ fabric softener for laundry from the Eco Cycle™ line, is a sensible mixture and carefully studied ingredients from cationic character of vegetable origin. Nu-Cycle A™ gives softness and suppleness to fabrics while being safe for the environment.
