Product Guide

Full of life!

InnuScience

Biotechnology Based Cleaning

InnuScience are global leaders in the production of biological cleaning products. With over 23 years of state of the art research and unique biotech formulations, InnuScience has engineered products that offer superior results to those of conventional cleaning products.

By combining innovation, technology and efficiency; InnuScience surpass the highest global standards and are the official partners of Eco-Schools and Keep Britain Tidy. InnuScience conform to the DEFRA Government Buying Standards and are certified cruelty-free (Leaping-Bunny) as well as being Ecologo or Ecolabel certified. Our products carry reduced health & safety hazards, making it safe to use in all environments without affecting your health and still being planet conscious.

InnuScience are passionate about providing high performance eco-friendly products that leave lasting impressions, so that you can go green without compromising the quality of your cleaning.

Why InnuScience?

InnuScience was founded in 1992 with a range of kitchen cleaning and maintenance products and has expanded its range to take care of all cleaning requirements. By using people and planet friendly products that are not harmful to human health, the risk of H&S liability has been dramatically reduced.

Our product performance will eliminate grease from all those hard to clean surfaces and neutralise bad odours in kitchens and washrooms alike. Our unique biological rinse aid leaves no biofilm on crockery, avoiding taste contamination, along with a range of cleaners and problem-solvers. This has been achieved through extensive research, enabling the delivery of cutting edge, eco-friendly, high performing cleaning and maintenance products.

What is biotechnology?

Everything began about 5 billion years ago ...
... when the Earth was born and the first life on the planet developed: microorganisms.

These microorganisms are responsible for InnuScience's cleaning, through biodegradation. The microorganisms achieve this by producing enzymes and other substances that break down organic material, resulting in the high performance results that are achieved. This also enables InnuScience to contribute to a sustainable planet and provide innovative biotech solutions.

We lead, We innovate, We care

Maintenance

Nu-Multi Odor ™

Odour Counteractant

This is a multipurpose odour counteractant, pipe maintainer, drain maintainer, urinal maintainer and trap maintainer.

Product Code: 5L - 039580

Odour Counteractant

1 7 14

pH-neutral

Maintenace product

24/7

Long lasting

Nu-Super Trap ™

Grease Trap Maintenance

Grease trap treatment that effectively biodegrades greasy build ups and other organic residues. Ideal for maintaining drains and pipes.

Product Code: 5L - 039585

Kitchen Maintenance

1 7 14

pH-neutral

Maintenace product

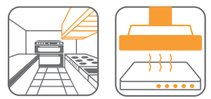
24/7

Long lasting

Nu-Vent ™

Ventilation Duct Maintenance

Designed to keep kitchen hoods clean. It can reduce the risk of fire and increase the life of your vents, whilst cleaning thoroughly.



Product Code: 5L - 039582

Kitchen Maintenance

1 7 14

pH-neutral

Maintenace product

24/7

Long lasting

Nu-Compact Kleen ™

Odour Neutralising Cleaner

Foaming cleaner designed to stop unpleasant odours at the source. Use it to deep-clean and eliminate odours in the hardest-to-clean places.

Product Code: 5L - 045106

Odour Counteractant

1 7 14

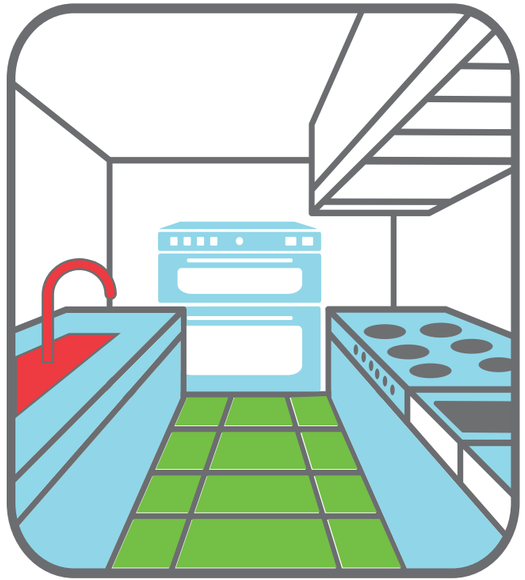
pH-neutral

Maintenace product

24/7

Long lasting

Cleaning



Nu-Grip Plus ™

Cleaner and Power Degreaser

Floor Cleaning

1 7 14
pH-neutral

BioEco

24/7
Long lasting

Biotechnology-based cleaner and degreaser designed to quickly deep clean and remove oils, grease and other soils from floors. Leaves floors less slippery.

Product Code: 900 ml - 039571 / 5 L - 039572

Nu-Supreme ™

Food Safe Descaler

Food Safe Descaler

1 3 14
pH

BioEco

24/7
Long lasting

Eco-friendly multipurpose descaler, made from organic acids that effectively remove heavy limescale deposits. Great alternative to hydrochloric and phosphoric acids.

Product Code: 950 ml - 037695 / 5 L - 037696

Nu-Kleen All Food Safe ™

Cleaner and Degreaser

Food Safe Cleaning

1 7 14
pH-neutral

BioEco

24/7
Long lasting

Surface cleaner and super-degreaser for the food industry. It quickly cleans and deep-degreases most surfaces.

Product Code: 900 ml - 039577 / 5 L - 039576

Laundry

Nu-Cycle A ™

Fabric Softner

Laundry Softener

1 3 14

pH

EcoCycle

Concentrated, high-efficiency fabric softner that delivers great results whilst using less product. It is also gentle on the environment.

Product Code: 5L - 032487

Nu-Cycle D ™

Neutral Laundry Cleaner

Laundry Detergent

1 7 14

pH-neutral

EcoCycle

This neutral laundry detergent elimnates tough soil and grease spots and can be used in all types of washing machines.

Product Code: 5L - 032484

Warewash

Nu- Cycle 1 ™

Hard Water Dish Detergent

Warewash Detergent

1 7 12

pH

EcoCycle

This product is an auto dish detergent for hard water use. Contains agents that prevent limescale build up, reducing the need to descale as often. Also effectively eliminates oils, grease, proteins, starch and spots.

Product Code: 5L - 036870

Nu-Cycle 2 ™

Soft Water Dish Detergent

Warewash Detergent

1 7 12

pH

EcoCycle

This product is an auto dish detergent for soft water use. Contains agents that prevent limescale build up, reducing the need to descale as often. Also effectively eliminates oils, grease, proteins, starch and spots.

Product Code: 5L - 036871

Warewash

Nu-Cycle 3 ™

Rinse Aid

Warewash
Rinse Aid

1 3 14
pH

EcoCycle

This rinse aid is designed for automatic dishwashing in a professional settings. Its controlled-foam formula eliminates water spots and reduces drying time.

Product Code: 5L - 036875

Nu-Cycle 4 ™

Soaking Solution

Warewash
Soaking Solution

1 7 12
pH

EcoCycle

Concentrated soaking solution to remove stubborn residue and loosens built-up, cooked-on or dried food. Eliminates stains like: Wine, coffee, tea, lipstick and other pigmented products.

Product Code: 5L - 036878

Nu- Cycle 5 ™

Detergent for Pots & Pans

Warewash
Pots & Pans

1 7 14
pH-neutral

EcoCycle

This fragrance-free, dye-free concentrated detergent is specially designed for handwashing pots and pans that effectively cleans heavily soiled pots and pans, as well as removing burnt on grease.

Product Code: 5L - 036880

Nu-Cycle 6 ™

Detergent for Dishes

Warewash
Washing up liquid

1 7 14
pH-neutral

EcoCycle

Dye-free detergent that has been designed for handwashing dishes, glasses and utensils. Its eco-friendly formula is easy to rinse and provides long-lasting, effective cleaning power.

Product Code: 5L - 036883

Housekeeping & Accommodation

Nu-Bio Scrub ™

Bathroom Descaler & Cleaner

Acid
Sani Cleaner

1 3 14
pH

BioEco

Biotechnology-based washroom descaler and cleaner that removes limescale and mineral deposits from surfaces. It is ideal for cleaning showers, bathtubs, urinals and toilets.

24/7
Long lasting

Product Code: 900 ml - 037691 / 5 L - 037692

Nu-Kleen Smell ™

All Surface Bathroom Cleaner

All Purpose
Cleaner

1 7 14
pH-neutral

BioEco

All purpose and all surface cleaner that controls odours at the source whilst cleaning. Used on all hard surfaces outside of kitchens, particularly bathroom areas.

24/7
Long lasting

Product Code: 250 ml - 033574 / 900 ml - 033577 / 5 L - 033576

Nu-Karpet Kare ™

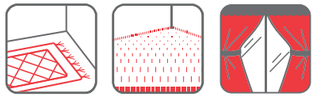
Carpet and Stain Remover

Fabric
Care

1 7 14
pH-neutral

BioEco

Biotechnology based cleaner, stain remover and odour control for carpets and fabrics. It biodegrades organic matter and eliminates foul odours.



24/7
Long lasting

Product Code: 900 ml - 059331 / 5 L - 059332

Nu-Odor Freshness ™

Odour Counteractant

Odour
Counteractant

1 7 14
pH-neutral

BioEco

An extremely powerful odour control product that uses biotechnology to eliminate unpleasant odours caused by organic matter.

24/7
Long lasting

Product Code: 800 ml - 045116S / 5 L - 045117
